### 09th to 11th February, 2024

### Organized by:

### In collaboration with

**Conference Web Link:** http://icelts.org/

Institute of Engineering & Management is organizing the International Conference on English Learning and Teaching Skills, 2024: a three-day International Conference on ELT.

The Conference is inviting papers that examine Culture and Literature in English Education, English for Academic Purposes, English for Specific Purpose, Intercultural Communication, and Translation Studies & Language Teaching etc.

All authors are encouraged and requested to contribute and help shape the conference through submissions of their research papers. High quality research contributions describing original results of conceptual, constructive, empirical, experimental or theoretical work in any area of English Language Teaching are cordially invited for presentation at the conference. The conference solicits contributions of papers that address the theme and topics of the conference, including figures, tables and references of novel research materials.

## CONCEPT NOTE: -

This conference aims to bring together scholars, independent researchers, post-graduate and graduate students in order to bring forth conceptual, constructive, empirical, experimental, or theoretical work in all areas of English Language Teaching and Learning Skills. It aims to understand and constructively contribute towards the creation of a dialogue between the theoretical and praxis with respect to English as a language of global use and currency. This conference will emphasis the diverse roles played by English within the spheres of pedagogic development, as well as its remarkable addition to the field of literature, education, translation studies, sociology, and business. ICELTS solicits contributions of abstracts, papers that address themes and topics of the conference, including figures, tables and references of novel research materials.
